

<b>9</b>	<b>PHYSICAL AND CHEMICAL PROPERTIES</b>
9.1	<b>Appearance:</b> light blue liquid
9.2	<b>Odour:</b> perfumed
9.3	<b>pH</b> ( conc. 3% ) : 2,5 +/- 0,5
9.4	<b>Boiling Point</b> : approximately 100°
9.5	<b>Flammability Point</b> : not applicable
9.6	<b>Density</b> ( 20°C ): 1,000 +/- 0,02
9.7	<b>Hydrosolubility:</b> soluble
9.8	<b>Liposolubility:</b> insoluble
<b>10</b>	<b>STABILITY AND REACTIVITY</b>
10.1	<b>Condition to avoid:</b> stock the product out of the values between -5°C and +40°C
10.2	<b>Avoid contact with the following materials:</b> //
<b>11</b>	<b>TOXICOLOGICAL INFORMATION</b>
11.1	<b>Retardant/immediate effects caused by short/long exposures:</b> LD 50 (oral on rat) > 2.000 mg/kg.
11.2	<b>Effects:</b> None in particular.
<b>12</b>	<b>ECOLOGICAL INFORMATION</b>
12.1	<b>Evaluations on possible effects, changes and consequences on the environment:</b> Easily biodegradable. The product cannot be discharged on the ground, in wells, in superficial and underground waterways. If the product is used according to the norms in force, it will cause no negative effect in the environment. <b>Description of the most important proprieties in the environment:</b> Biodegradable over 90%. <b>Waste water treatment plants:</b> See point 13.
<b>13</b>	<b>DISPOSAL CONSIDERATION</b>
13.1	<b>Residue handling:</b> The product contains surfactants and feeble acid. Eliminate according to the norms in force.
<b>14</b>	<b>TRANSPORT INFORMATION</b>
	<b>Transport according to DM 21/12/2001 (ADR/RID).</b> No precautions except from packaging integrity
<b>15</b>	<b>REGULATORY INFORMATION</b>
	<b>According to :</b> DL n.52 03/02/97, DM 04/04/97, DM 28/04/97, DM 01/09/98, DM 07/07/99, DM 10/04/2000, DL n. 285 16/07/98, DL n. 174 25/02/2000, DM 14/06/02 (Directive 2001/59/CE XXVIII Adaptation 67/5487CE), Decree 07/09/02, DL n. 65 14/03/03 (Directive 1999/45/CE and 2001/60/CE).
	Product is not considered dangerous according to the directives concerning dangerous substances and preparations.
	<b>INTERNATIONAL RULES:</b> All the surfactants contained follow the biodegradability norms established by the rules (CE) n. 648/2004 relative to detergents. All the support data are at disposition of the authorities of the States members and can be shown, on their request, to the mentioned authorities.
<b>16</b>	<b>OTHER INFORMATION</b>
	Information on this publication is based on our current level of knowledge and experience. It is a description of the product safety requirements and not a guarantee of its properties. This data sheet was prepared in accordance with Directive CEE 96/65 received in ITALY with DL 16/07/98 N. 285.
